Surkhet Journal of Management and Social Sciences (SJMS)

Call for Research Papers

The Surkhet Journal of Management and Social Sciences (SJMS) invites original and rigorous scholarly contributions for its inaugural Volume 1, Issue 1. SJMS is a **double-blind peer-reviewed, open-access scholarly journal** published by the **Research Management Cell (RMC), Surkhet Multiple Campus, Tribhuvan University**. The journal provides a scholarly platform for researchers, academicians, practitioners, and policymakers to develop and disseminate evidence-based knowledge in management and social sciences.

SJMS takes an interdisciplinary and integrative approach to management and social sciences. It welcomes research that examines individuals, organizations, institutions, communities, markets, and societies and that contributes to theoretical advancement, empirical understanding, organizational practice, public policy, and social development. For its inaugural issue, the journal particularly encourages original, interdisciplinary, comparative, context-specific, and policy-relevant research with clear scholarly and practical contributions.

The journal seeks to develop publication practices consistent with high-impact international journal standards, including rigorous peer review, research integrity, transparent scholarly communication, ethical publishing practices. Relevance to national and international research communities.

Key Themes and Focus Areas:

Human Resource Management; Strategic Management; Knowledge Management; Finance; Marketing; Governance; Sustainability and ESG Management; Economics; Public Policy; Development Studies.

Submission Guidelines:

Authors should prepare manuscripts in accordance with the SJMSS Author Guidelines and Manuscript Template.

Manuscript Structure:

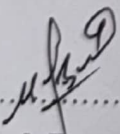

Research manuscripts should follow **IMRaD** structure:

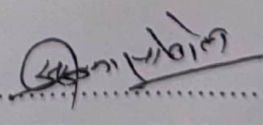

- Introduction
- Research Methodology
- Results and Analysis
- Discussion
- Conclusion and Implications
- References

The introduction should establish the research context, problem, theoretical and empirical foundation, research gap, objectives or research questions, and the contribution of the study. The methodology should provide sufficient information to establish methodological rigor and transparency. Results should be presented systematically, followed by discussion and implications.
