Dr. Akio Hakamata Thesis Grant: Eligibility Criteria Application Requirements

1. Students should be regular either in the third or fourth semester at the master's level, studying at the Central Department of Zoology, Tribhuvan University.
2. The thesis grant will be provided to students pursuing the M.Sc. in Zoology with specialization in Parasitology.
3. A cover letter clearly mentioning that the applicant has not received any research grant from organizations (UGC, NAST, Government of Nepal, etc).
4. A letter of recommendation from the applicant's thesis supervisor, endorsing the student's research capabilities and suitability for the grant.
5. A one-page curriculum vitae of the applicant highlighting academic background, relevant skills, and any prior research experience.
6. Grade sheets of MSc first and second semester, transcript of BSc and plus two.
7. The selection committee of the Dr Akio Hamakata Thesis Grant will evaluate the applications and recommend the selected student for the grant.
8. Summary research proposal (maximum 5 pages) including following sections. [Title, Introduction, Research gap, conceptual framework, objectives, methodology, expected outcomes, timeline, references (Format must follow the CDZ master's thesis proposal guidelines)].
9. The grant amount will be determined based on the interest generated from Endowment Fund established by Dr. Akio Hakamata
10. All the required documents must be compiled and submitted in hard copy to Dr. Kishor Pandey, Central Department of Zoology, Tribhuvan University.
11. For further information and inquiries regarding the grant and application procedure, applicants may contact Dr. Kishor Pandey.
