## Notice : Volunteer Participation in Nepal Food Forum 2025

It is informed to all the M Sc Ag/ M Sc An. Sc/ M Sc Aqua/ M V Sc students (I and III semester) that Nepal Food Forum 2025 (NFF 2025) will be held on 10 September 2025. This year's Forum will serve as a critical platform to accelerate inclusive, climate-smart agri-food system transformation, bringing together leaders from government, private sector, academia, youth, and development partners. As part of the Science and Innovation Forum, Food and Agriculture Organization (FAO) has selected our institution (IAAS, TU) for nominating 10 motivated students who are passionate about agri-food systems, innovation, and sustainable development to participate in this great event. It has also mentioned that for ensuring the diversity and inclusiveness, IAAS is requested to send the student-list representing the agriculture and animal science disciplines with balanced gender participation.

This will be an excellent opportunity for youths to learn, engage in solution-driven discussions, and network with innovators and practitioners working on the future of food and farming. In addition, it is reported that the participation in the Forum is free of charge.

IAAS PG Program, therefore invites the online application from our Master level students up to September 1 (Bhadra 16) in the format given below.

Application to be addressed: IAAS Dean

Applicant's name: -----

Department and level of study: -----
