ACKNOWLEDGMENTS

This report has been prepared under the guidance, suggestion and help of many individuals. Therefore, we are indebted to all those who have made this possible.

First of all, we would like to express our sincere gratitude to the campus chief Mrs. Tulasa sunar for her continuous support and guidance in preparation of this report. We are grateful to all the Head of Departments, Co-ordinators, faculty members and the staff members of Nepalgunj Nursing Campus, without their sincere support this report would not have been possible. We are also thankful to the administration and account section for providing information and responding to the Annual Report Preparation team in the course of preparing this report. Similarly, we would like to thank all the members of different committees present in this campus for providing necessary materials needed for Annual Report. Similarly, we would like to acknowledge the students of this campus for responding to the queries of our team members.

At last but not least, we would like to express our gratitude to all those who have directly or indirectly supported to prepare this report.

MESSAGE FROM CAMPUS CHIEF

It is a matter of immense pride to present the annual report of Nepalgunj Nursing Campus for the FY year 2080/2081, an esteemed institution that has played a crucial role in shaping the future of nursing education in Nepal. Situated in the vibrant city of Nepalgunj, this campus has been a hub of knowledge, skill, and service for aspiring nursing professionals for decades. At Nepalgunj

Nursing Campus, we believe in the holistic development of our faculty, staff, and students, aiming to rise high and fulfill our objectives and mission. The dedicated members of our campus continually strive for excellence across academics, physical infrastructure, and sustainable educational development activities.

As we look back on the journey of the campus, it is overwhelming to see the progress made in infrastructure, academic programs, and faculty development. The campus has successfully fostered an environment of innovation, research, and holistic development. This progress is a testament to the dedication of the faculty, staff, and students who have contributed to the growth and success of this institution.

We are proud to report on the significant achievements made by our campus, faculty members, and students during the academic year 2080/2081. I extend my heartfelt congratulations to all our faculty, staff, and students for their invaluable efforts and cooperation in elevating Nepalgunj Nursing Campus to its current standing position.

Looking ahead, we anticipate continued support and commitment from the entire Nepalgunj

Nursing Campus family. The college is excited to explore new opportunities, including advancements in Educational Management Information Systems (EMIS) and construction of Academic and Administrative building.

Thank you for being a part of this journey of growth and excellence.

Tulasa Sunar

EXECUTIVE SUMMARY

Tribhuvan University, Institute of Medicine, Nepalgunj Nursing Campus is a pioneer nursing campus established in 2026 B.S in the heart of Nepalgunj Metropolitan city, Lumbini Province. It is one of the constituent campuses of Tribhuvan University, Institute of Medicine. The campus has successfully completed its glorious 53 years of academic excellence spreading quality education and making a remarkable contribution in the field of nursing education as one of the most sought-after campus in Nepal. The campus has been running different academic programs such as Bachelor in Nursing Science (BNS), Bachelor of Science in Nursing (B.Sc Nursing) and) whereas after the decision of TU to phase out intermediate level, the campus stopped intake of students in PCL from 2044 BS.

The Academic activities of the campus are drawn from the well-defined mission and vision of the campus. Besides academics, the campus lays great emphasis on co-curricular and extra-curricular activities. The graduation trend analysis shows that the students have performed well over the years and this year is no exception. The quality of education and the enrollment of students in different streams are the indicators of success of this campus. Still, the campus has been striving to update its educational pedagogy in accordance with the change in global system and as per the market demands, especially with a view to incorporate e-learning methods. Regarding the physical progress, a significant reformation and restructuring works have been done in library, office of research management cell, laboratories, and administrative buildings. Likewise, the Education Management Information System (EMIS) of administrative /academic building has been equipped with different software.

The campus has been working with the University Grant Commission (UGC) for Quality Assurance and Accreditation certificate. It is preparing its Self-study Report to submit to UGC. It is hoped to complete QAA cycle within five years.

1. INTRODUCTION

1.1 BACKGROUND

The school of nursing was first established in Kathmandu in 1956 under the directive of the health service, ministry of health. The first batch of this school had enrolled only 15 students. The expected proficiency of the produced manpower was illness oriented. Principally this was a Hospital oriented curriculum that was in effect between 1956 to 1986. This curriculum aimed at preparing nurses to be efficient in fulfilling the health needs of the people of Nepal. With the introduction of the new educational system in 1972, nursing education was brought under the Institute of medicine, Tribhuvan University. After that, a major revised curriculum that was based on primary health care was introduced in 1987 which was again updated in 2006. The aim of this programme was to prepare competent and self-reliant nurses who would be able to care for the individual, family and community.

Nepalgunj Nursing campus is the only one constituent nursing campus of Tribhuvan University; Institute of medicine in province no 5 Lumbini, Karnali and Sudurpaschim. The campus is located in Nepalgunj sub-metropolitan city (SMPC), ward no - 10, in close proximity with Bheri Hospital.

The Ministry of Health established ANM training school in 1969 in Nepalgunj. The school over a period of 17 years produced 406 ANMs. In 1987, it was upgraded to Proficiency Certificate Level (PCL) nursing campus. Since then it has produced 1063 staff nurses. Currently 90 students are pursuing education at various levels.

Sighting the need for middle level manpower in nursing, in 2011, 2 years Bachelor in Nursing (BN) programme was started which from 2013 was revised to as 3 years Bachelor in Nursing Science (BNS).

1.2 Vision

Advancing the nursing profession and changing lives through academic distinction, knowledge, innovation and continuous progress in application of qualitative globalized services to every sector of nursing that ensures quality health care for all people.

1.3 MISSION

To serve people of Nepal by:

- Producing qualified and passionate manpower in the nursing sector.
- Providing opportunities for aspiring students to pursue higher education in nursing science.
- Serving as a model institution for nursing education in Nepal.
- Positively influencing health care in Nepal by providing nurses with problem solving skills and a sense of compassionate care.
- Enhancing professionalism in nursing.

1.4 GOALS

The goal of the Nepalgunj Nursing Campus is to prepare and produce the registered nurse to be a professional health care practitioner who provides compassionate care, which is based on scientific evidence and who serves as the link between the patient (individual, family, community, or population) and the healthcare environment across the lifespan.

1.5 OBJECTIVES

GENERAL OBJECTIVES

To provide standard nursing education to the eligible candidates (both females and males) of Nepal, especially from Lumbini, Karnali and Sudurpaschim provinces to meet the primary health care and holistic needs of people.

SPECIFIC OBJECTIVES

- Focus on those we serve, especially our students.
- Advance innovation and excellence in teaching to support student success.
- Promote excellence in research and creative endeavours.
- Produce nursing Human Resources at par with international standards.
- Develop self-reliant Nurses in the field of modern Nursing.
- Securing the financial future through efficient management, channeling external funds and building a strong endowment.

2. Organizational Structure

The organizational chart of Nepalgunj Nursing Campus below identifies the positions within the campus governance structure.

JELROAD-10, BANKE

3. AFFILIATION AND ACCREDITATION

Nepalgunj Nursing Campus is a constituent campus of TU, which is one of the oldest and largest university in Nepal. TU is ranked as 1001+ universities of the world and 351-400th of Asia as per “The World University Rankings 2020”.

In Nepal, Nepal Nursing Council (NNC) is a statutory body for establishing uniform and high standards of nursing education. However, as per the provision of National Medical Education Act 2075, recently Medical Education Commission has been established to develop medical education in line with the national needs and regulate medical education which also includes nursing education, in integrated and efficient way. Therefore, at present Medical Education Commission is the authorized regulatory body for providing accreditation to the Nursing program in Nepal. Nepalgunj Nursing Campus is also in the process of getting accreditation from Medical Education Commission of Nepal.

Similarly, University Grants Commission (UGC) has launched the Quality Assurance and Accreditation (QAA) program as an important aspect of reform in higher education in Nepal. The system ensures that the campus meets the certain predetermined minimal criteria or standards, not only at institutional level but also in its academic programs to offer better results to the society. Understanding its importance, Nepalgunj Nursing Campus has initiated the process of getting QAA from UGC and at present the campus is working on QAA process i.e. preparation of self-study report (SSR). It is hoped that the campus will achieve QAA certificate within the specified period of time.

4. ACADEMIC OFFICIALS

All the faculties of each department lean to serve the excellent academic quality with integrity, compassion, and intellectual bravery. The campus appreciates the contributions of all its faculty members in making the campus a top nursing higher educational institution in country. Most of the faculties in each department are according to their specialty subject; however some of the faculties are being allocated in the department other than their specialty as per the need of the campus and their experience.

6. DIFFERENT COMMITTEES OF CAMPUS

The Campus Administration Committee of Nepalgunj Nursing Campus is the main committee which plays vital role in day to day affairs of the campus. Various academic and administrative activities of the campus are organized and looked after by other different committees formed by the campus administration committee.

THE COMMITTEE NAME LIST

Self Assessment Team (SAT)
Campus Administration Committee
Internal Quality Assurance Committee
Self Study Report Writing Team (Sub-Committee)
EMIS Committee
Construction and Purchase Committee
Scholarship Distribution Sub committee
Hostel Management Sub Committee
Extra Class Management Sub-Committee
Bulletin Publication Sub Committee
Monitoring Committee (Anugaman Samiti)
Campus Student Welfare Committee
Clinical Coordination Committee
Public Information and Relation Committee
Research Management Cell Committee
Evaluation Committee
Residence Committee
Examination Committee
Library and Laboratory Committee
Student Counseling and Feedback Committee
Extracurricular Activities Committee
Student Quality Circle Committee

7. PROGRAM AND COURSES OFFERED

The Nepalgunj Nursing Campus has been running academic program from PCL in Nursing to bachelor in Nursing programme. Bachelor program incorporates BNS and B.Sc Nursing. The Post Basic Bachelor of Nursing (PBBN) program was initiated in 2069 BS with the duration of 2 years. The curriculum was further revised in 2070 BS and made it a 3 year program with provision of core courses in the first and second year and some major courses in the third year and named as Bachelor of Nursing Science program. Likewise, in 2078 BS BSc. Nursing 4 year program was started with the intake of 20 students per year with the intake of 4 students on the same year.

At present, the following courses are offered by the campus.

1. Bachelor Level

i. Bachelor of Nursing Science (3 years course)

- y BNS first year
- y BNS second year
- y BNS third Year

Major Subjects (Elective options) in BNS third year

- y Adult Health Nursing

ii. Bachelor of Science in Nursing (4 Years course)

- y B.Sc first year
- y B.Sc second year
- y B.Sc third Year

8. ACADEMIC PROGRESS

The details of academic progress based on enrollment, pass rate, graduation rate of Nepalgunj Nursing Campus are presented below.

8.1 ENROLLMENT TREND ANALYSIS OF THE LAST THREE YEARS

STUDENT ENROLLMENT TREND

Program	ANNUAL YEAR							
	BNS				B.Sc. Nursing			
Year	2078/79)	2079/80	2079/80	2080/81	2078/79	2079/80	2079/80	2080/81
Available seats	30	30	30	30	30	30	30	30
Enrolled students	30	29	28	24	5	30	30	30
Drop out	-	-	1	-	-	-	-	-

The number of students enrolled in various programs differs by seat matching by medical education commission. BNS program, number of students in 2079/80 and 2080/81 enrollment reduced than the

previous year. Similarly, B.Sc. Nursing program which was started in the year 2078/79 with 5 numbers of students also shows increasing trend according to seat available that is 30 numbers of students in the year 2079/80 and 2080/81. Regarding proficiency certificate level, after the decision of TU to phase out intermediate level, the campus stopped intake of students in PCL from 2075/76.

8.2 PASS RATE TREND ANALYSIS OF THE LAST THREE YEARS (ONLY REGULAR STUDENTS ARE MENTIONED)

Student Pass Rate Trend (Only regular students are mentioned)

Program	Enrollment Year	2078/79 (10 th batch)		2079/80 (11 th batch)		2079/80 (12 th batch)		2080/81(13 th batch)	
	Enrollment Months	MANGSIR 19		BHADRA, 20		JESTHA, 32		MAGH, 29	
		Total appeared	Total pass	Total appeared	Total pass	Total appeared	Total pass	Total appeared	Total pass
BNS	1 st	30	15	29	25	27	Result due	Program running	
	2 nd	30	28	29	-	-	-	-	-
	3 rd	30	-	-	-	-	-	-	-
B.Sc. Nursing	1 st	5	0	30	15	30	Result due	-	-
	2 nd	5	4	-	-	-	-	-	-
	3 rd	5	-	-	-	-	-	-	-
	4 th	-	-	-	-	-	-	-	-

The last three years pass rate trend analysis shows that, half of the and most of the 10th batch students of BNS program had passed 1st and 2nd year exam respectively. Most of the 11th batch students of BNS program had passed 2nd years exam. Twelfth batch students of BNS program result is due and 13th batch students of BNS program is running. First batch students of B.Sc. Nursing program had dissatisfying result specially in 1st year but almost all students had passed 2nd year exam. Likewise, half of the 2nd batch students of B.Sc. Nursing program had passed 2nd year exam. Third batch of B.Sc. Nursing 1st year program is running.

9. ANNUAL FEE STRUCTURE OF DIFFERENT PROGRAMS

	3 rd Year	10	1318450	35	1761445								
Total		5276900		7047390									

Note:- *BNS - Subsidize - Hospital Quota - 2, Public Health Quota -1, Marginalized Quota - 1

*B.Sc - Subsidize - Marginalized Quota-1,

*PCL - Staff Seat -1

10. PHYSICAL PROGRESS 10.1 RESOURCE CENTER (LIBRARY)

The Library is located within the premises of the campus, which provides a wide range of congenial study environment with a spacious well-furnished reading room. There is high frequency internet facility to the readers. At present, the library holds 9277 books, 63 national journals, 114 Magazines, 232reference books,9045 text books. The library's digital collection has been in progress.

10.2 EDUCATIONAL AIDS

Nepalgunj Nursing Campus has been trying to update the teaching learning materials and pedagogy in accordance with the change in information technology and teaching trend in contemporary society. The campus gives more priority to modern technologies for better education system. The traditional uses of black board and chalk have already been replaced with white board and marker. There are altogether 6 classrooms which are well furnished with the capacity of holding more than forty students. Each classroom is equipped with multimedia projector, white board, ceiling fan, ventilation with adequate light and comfortable furniture. Altogether there are 7 multimedia projectors, 25 computers, 7 laptops and 6 printers in the campus which are currently in use. Furthermore, the campus has 4 laboratories i.e. fundamental nursing lab, skill and maternity lab, basic science lab, nutrition and community lab. All the laboratories are well equipped and well furnished. The campus has adopted all mechanism to make teaching and learning more effective and practical. It has implied modern technologies, modern teaching materials, and student centered teaching methods. Power point presentation, group discussion, seminar, workshop, case study presentation, demonstration, re-demonstration and report writing have become a part of teaching learning activities. Apart from these, students are also encouraged for self-directed learning. Moreover, clinical skills are being practically taught through posting students in various practical areas as per the curricular requirement.

10.3 PHYSICAL FACILITIES AND INFRASTRUCTURE

The nursing campus of TU IOM is a leading institution in the region, serving the provinces of Lumbini, Karnali, and Sudurpaschim. The campus covers 1 bigha 16 kattha 14 dhur (within campus premises). It boasts a team of highly qualified and dedicated faculties, administrative staff, and supportive staff, creating a peaceful learning environment. The campus is equipped with skills labs, a computer lab, library, and classrooms. Transportation facilities, including 1 mini bus and 1 Tata Sumo Gold, are available for students' convenience. Hostel facilities, generator backup and free Wi-Fi are provided to ensure a comfortable and conducive learning experience.

The campus comprises 10 buildings, including an administrative building with various sections, faculty rooms, and a library. There are also 2 academic buildings, 2 hostel blocks, and a skills lab building with separate rooms for nursing fundamentals, community health, midwifery, and basic science. The campus provides ample clinical areas for practical training and exposure in specialized hospitals. Additionally, there are staff residence building including 1 for the campus chief and 2 for academic and administrative staff is available. A canteen is also available to cater to the dietary needs of students and staff.

11. QAA/EMIS

The goal of Quality Assurance and Accreditation (QAA) is to raise the standard of education in Nepal. The QAA system makes sure that a higher education institution has met a set of requirements, both at the institutional level and in their academic programs, in order to provide better results to society.

Nepalgunj Nursing Campus is in the process of attaining QAA issued by the University Grants Commission; Nepal. It is qualified for the QAA project because it has the LOI acceptance letter from the UGC dated March 14, 2022. Under the leadership of campus chief Tulsu Sunar, the campus has established an Internal Quality Assurance Committee (IQAC), Education Management and Information

System (EMIS), and Self-Assessment Team (SAT). It is expected that the Nepalgunj Nursing Campus will complete QAA cycle within five years.

The following three committees are working on the QAA system of this institution:

1. **Internal Quality Assurance Committee (IQAC):** This committee is the governing body of the QAA process of Nepalgunj Nursing Campus, which makes policy to work on the process and monitor the progress of the QAA process. To accomplish various tasks required for QAA process, different committees have been formed to support IQAC.
2. **Self-Assessment Team (SAT):** This team prepares a self-study report to submit to the QAA Division of UGC for the certificate of accreditation.
3. **Education Management and Information System (EMIS):** The EMIS of the campus publishes notices, advertisements, annual progress reports, audit reports etc. in webpage for public information and transparency. This team prepares a data system of higher education institution called Education Management Information System (EMIS) and publishes a booklet. This includes a framework of indicators, tools and modality for annual data collection, regular data updating, analysis and reporting.

12. RESEARCH ACTIVITIES

Research is a crucial part of the training process since it has a significant impact on both present and future professional nursing practice. The Nepalgunj Nursing Campus has developed over the past few years into a significant research institution, including both its staff and students in research activities. The campus is committed to support research activities within the campus. Both faculty members and students at the campus are encouraged to take advantage of a wide range of research opportunities. As per the curricular requirement, students of Bachelor of Science in Nursing, Bachelor of Nursing Sciences and have to conduct one research in an academic year. The campus provides support to the students engaged in research and faculties supervise students to conduct research and write reports. The students have the opportunity to work alongside experienced faculty members in a variety of settings. Furthermore, under these research activities, some of our faculty members have been awarded research grants from TU IOM mini research grant, NHRC, UGC. All the faculties of Nepalgunj Nursing Campus have published articles in national and international journals.

12.1 RESEARCH MANAGEMENT CELLS ACTIVITIES

The goal of the campus' Research Management Cell (RMC) is to advance and improve the standard of multidisciplinary research activities. Research Management Cell was established to carry out the Research Activities across a number of Academic Areas. Novel perspectives in knowledge will be identified, through the investigation and validation of creative ideas. In order to promote and strengthen the Research Area, RMC committee has organized 3 days training from 2024/04/08 to 2024/04/10 for 30 students of BNS 3rd year on the Topic 'Research Proposal Development for Undergraduate Nursing Students' the training was conducted by professor Dr Kalpana Poudel and Associate professor Dr Archana Pandey

University Grand Commission

To update the existing knowledge UGC provided fund to Nepalgunj Nursing Campus to organize training on the topic OSCE\OSPE. The training was conducted for 3 days from 2024/5/23 to 2024/5/25 and the facilitators were Professor Dr Mandira Shaht , Associate professor Apsara Pandey, Professor Dr Pradeep baidy and lecturer Rekha Khadka. Altogether there were 24 participants from different nursing campus including Nepalgunj Nursing Campus.

Nepalgunj Nursing Campus conducted the "Lamp Lighting and Oath Taking Ceremony" for BSC nursing first year 4th batch on 28th march 2024 at 11am in Seminar Hall of Nepalgunj Nursing Campus. The Program was inaugurated by lighting of lamp with the auspicious hands of dignitaries and the Campus Chief and assured the student of NNC are in safe hands to mold and create their bright carrier in nursing profession. Also, during the ceremony, the special thanks was rendered to all the student for entrusting the college. Later, the program was concluded at 12.30 pm by vote of thanks conveyed by campus chief to all the faculties worked hard by coordinating each other in the success of the program.

13.3 Student Welfare and Extension Program Activities

The Student Welfare committee and Extension committee was officially established by IQAC of Nepalgunj Nursing Campus on 20th Magh 2076. Among different programs organized by campus following activities were co-ordinated by Student Welfare and Extension committee.

Coordination Committee

13.4 SPORTS WEEK 2080

Sports is the celebration of the human spirit and youth, it not only inspires young minds but also teaches good values and ethics to students. This sports week was celebrated from 8th of Poush 2080 to 13th of Poush 2080. The program started with prayer at 9:00 am. All the students and teachers were very energetic that day; enthusiasm could be easily seen in their eyes. Our campus chief mam inaugurated our sports program by lighting the lamp. Various sports programs were organized by the School Sports Department on this day in which students participated according to their interests. All the games were organized in our school playground.

Along with this all the programme were organized in the ground in which all the senior-most teachers, principal mam and administrative staffs were present. Both students and teachers were participated, which included tug of war, relay, musical chair, chocolate race, ghaito phutai, sag race, pick and speak, quiz contest etc. After all the games were over, there was a prize distribution ceremony in which all the members of the match-winning team were given prizes at the hands of our campus chief. And in the end, our campus chief mam also gave a motivational speech, in which she advised everyone to participate in the field of sports and also told many benefits of doing sports activities. The program was organized in Nepalgunj nursing campus, Banke in coordination with the coordination and extracurricular activity committee. All the students, teachers and administrative staffs of Nepalgunj Nursing Campus were participated actively in this program. All the students were actively participated in the program along with the campus chief and other college staffs. The program was organized for five days. Various play materials were arranged to complete the performance. This sports day program was highly fruitful to the students as per the feedback from the campus chief and other college staffs. The students who participated in this program were benefitted with the program organized and conducted by sports and student welfare committee, Nepalgunj Nursing Campus.

13.5 BREAST FEEDING WEEK CELEBERATION

'World Breastfeeding Week 2023' AUGUST 1st to 7th programme was conducted at Bheri hospital by BNS 2nd year students with an aim to advocate breastfeeding friendly practices in hospitals and create awareness among health care professionals and the public to support breastfeeding. student gave health teaching regarding support needed and challenges faced during breastfeeding, early initiation of breastfeeding, skin-to-skin contact, attachment, positioning, and expression of breast milk with the practical demonstrations. To sensitize on breastfeeding and its importance in the hospital, lactation counselling was conducted among 15 mothers.

13.6 PEDIATRIC TOY EXIBITION PROGRAMME

Toy exhibition program was conducted on feb 23 2024 by BNS 1st year, 12th batch students at Bheri Hospital, Nepalgunj .Banke the concept of games and toy have a very important role in childrens life. It contributes to the development of cognitive, motor, psychosocial, emotional and linguistic skills. It also plays a key role in raisisng self/confident, creative and happy children. The toy were exhibited based on the age group of children. Many children and parents from padiatric ward and others participated in the exhibition. In addition to the exhibition of toys and games, information regarding normal growth and development among children of various age groups was provided in the programme. The program was of 6 hours duration. This program was highly fruitful to the students as per the feedback from the hospital authorities, campus chief and other campus and hospital staffs. The parents and children who participated in the program were benefitted with the information presented by the nursing students.

13.7 INTERNATIONAL TUBERCULOSIS DAY,2024

Tuberculosis (TB) is a bacterial infection that primarily affects the lungs. It is caused by Mycobacterium tuberculosis and is spread through the air when an infected person coughs or sneezes. World Tuberculosis (TB) Day is observed on March 24th every year to raise public awareness about the devastating health, social, and economic impact of TB. **The theme of World TB Day 24 march 2024, continue with the theme "Yes! We can end TB!"** to highlight the need for concerted action to end the global TB

epidemic. A TB rally was organized in a local community to mark World TB Day and raise awareness about TB prevention and treatment. The TB rally was attended by members of the local community, including healthcare professionals, representatives from non-governmental organizations (NGOs), and individuals who have been affected by TB. The participants included people of all ages and backgrounds. The TB rally included a series of activities that aimed to educate and engage participants. The activities included speeches by healthcare professionals and people who have been affected by TB, a poster competition for children, and a TB testing booth. The rally also included a march through the community, during which participants carried banners and distributed leaflets with information about TB. The TB rally was successful in raising awareness about the global TB epidemic and encouraging people to take action to prevent and treat TB. The activities at the rally engaged participants of all ages and backgrounds and provided them with information about TB prevention and treatment.

13.8 MICRO HEALTH ACTION

Micro health action is the implementation part of any community health diagnosis. It helps to mitigate the community health needs through community participation and maximum utilization of the community resources. "Micro health action" was organized by students of Bsc.Nursing 1st year students in the supervision of Ms. Karishma Singh Thakuri in Janaki rural municipality -3, Karmohana ,Banke . It was conducted on 2079/12/29 at 12:00 pm. The duration of the program was 2 hours. Approximately 100 participants were benefited by this program among which both literate and illiterate people were the participants.

Micro health action is designed to develop the health related awareness, skills and self-reliance among the people on the priority basis of real needs involving resources with their maximum use. Micro health action was conducted by the students after the need prioritization. To make people aware about the open drainage, child marriage, health insurance availability of latrine students conducted community health action by role playing. They made people aware on how the environmental pollution hampers the physical health of a person. The importance of personal hygiene, environmental sanitation, proper refuse management, drainage system was also shown in the role play. Awareness on safe drinking water, child marriage and family planning was also given through health action.

13.9 HEALTH ACTION: SCREENING OF COMMUNITY POPULATION

Health Action was conducted in the premise of Khajura 3 Gaupalika By BN 2nd year on 2078/08/09. Screening of Blood pressure and Random blood sugar was done.Among 109 participants Number of male with High Blood pressure were 79 and female were 24.Likewise, number of male with High blood sugar were 27 and female were 15.The community has high risk of Hypertension and Diabetic mellitus.

13.10 NUTRITION EXHIBITION

Nutritional exhibition provide knowledge of nutritious intake of food for healthy living, disease prevention and treatment. The main reason behind unhealthy food habits is the lack of knowledge so awareness about food habits is important. Hence "Nutrition Exhibition" was organized by students of BSc. Nursing 1st year students in the supervision of Ms. Karishma Singh Thakuri in Janaki rural municipality -3, Karmohana ,Banke . It was conducted on 2079/12/28 at 12:00 pm including various

topics regarding nutrition. The duration of the exhibition was 2 hours. Approximately 100 participants were benefited by this program among which both literate and illiterate people were the participants. The objective of the program was to develop the personal skills and motivation to adopt healthy eating practice by describing the advantage of balance diet. The program also focused on awareness of malnutrition on the people and how it can be prevented by maintaining balanced diet. This program also focused on how to improve nutritional status of an individual and family. An exhibition was conducted including the topics like preparation of sarbottam pitho (lito), Nutritional pyramid, Diet for pregnant and breast feeding women.

13.11 SCHOOL HEALTH PROGRAM:

Children as change agents been utilized by the health industry to streamline the society in a couple of occasions and several research articles do proclaim the strength of this approach. Keeping this view in mind the students of our institutes are being asked to visit the schools in the local community as a part of their field visits. Most of these programs concentrate on topics like physical activity, sound mind, hygiene, Prevention of communicable diseases, healthy eating, dental care, Respiratory ailments etc. The education is imparted using skits and a variety of health songs. At the end of each program, we had a question and answer session to make learning more concrete. Health camps, national health programs and international health days

13.12 EDUCATION VISIT

TWO WEEK INSTITUTIONAL VISIT

BSC Nursing 1st year student visited different institute from 2079/10/29 TO 2079/11/05 Such as Sub Metropolitan, salt Trading Corporation, Nepalgunj Water Supply Corporation dumping Site, Industrial Area, Health Office located in different parts of Bank. District. The purpose of institutional field visit was to gain knowledge about industrial establishment, objectives, goal, organogram, Status of Health and budget.

GERIATRIC HEALTH CENTER VISIT

As part of Curriculum requirement, a visit to Neel agar Oldage Shelter Nepal, an old age home at Shantinagar, Banke district was organized on 11.11.2022 from 10am to 2pm. There were 75 elderly female and 28 elderly male inmates at the old age home along with 58 children. The students of the college interacted with the elderly followed by an entertainment program with music, action songs, and dance. The inmates were very happy and blessed everyone. Later, fruits were distributed to them. It was a joyous occasion with full of satisfaction that the team could bring some rays of happiness among the elderly. The program was carried out under the guidance of Mrs Nisha Ghimire, faculty Of Nepalgunj Nursing Campus.

VISIT TO DE ADDICTION CENTRE

Bachelor in Nursing 1st year Nursing Students visited Prerana De addiction Centre, Nepalgunj for fulfillment of clinical objectives and gained in depth knowledge of different levels of mental health services available in institute for patients.
